

David Pursell

"The Oil & Gas 'Sweet Spot' . . . How Long Can it Last?"

Dave Pursell is responsible for macro energy analysis at Pickering Energy Partners in Houston, Texas. His past experience includes being director of upstream research at Simmons & Company International, and manager of petrophysics at S.A. Holditch & Associates, now a division of Schlumberger. He also performed field engineering at ARCO Alaska. Currently, he serves as chairman of the IPAA Supply Committee. He received his B.S. and M.S. degrees in petroleum engineering from Texas A&M University.
