SIPES Professional Enterprise Management Committee

**Re:** SIPES Investors List

About three years ago, the SIPES Board of Directors began offering members the opportunity to be listed on a new spreadsheet, the **SIPES Investors List**. This list outlines information from SIPES Members who want to buy into drilling prospects developed by other SIPES Members. Because of recent industry changes, the SIPES Board wants to update all entries on this list.

An example of the information included on the spreadsheet is printed on the reverse side. When completed, this information will be distributed as a printed list to **SIPES Members only**. To be included on the new **SIPES Investor List**, please send the Dallas office the information on the form. Space has been added for you to include your information. You can mail, fax, or email this information to Diane Finstrom at the address in the letterhead above.

We would like to publish this updated information early next year, so please send your information to Dallas as soon as possible, if you want to be included on the **SIPES Investors' List**. If you have any questions about this project, please contact me at 337-232-7756 or the SIPES office at 214-363-1780.
